FORWARD

The First National Conference on Theoretical Physics was held on September 13-16, 2002 at the Faculty of Physics of the University of Bucharest, in Măgurele. It was organized by the **Department of Theoretical Physics** of the **National Institute of Physics and Nuclear Engineering** - *"Horia Hulubei"* and the **Faculty of Physics**.

The topics of the Conference covered the main results obtained in the last time in Romania in subjects as:

- Quantum Field Theory, Elementary Particles, Gravitation
- Atomic, Molecular and Nuclear Theory, Astrophysics
- Condensed Matter Theory, Statistical Physics
- Computational and Mathematical Physics, Nonlinear Phenomena
- Interdisciplinary Fields

The Conference enjoyed a large participation (about 80 people) from Bucharest, Baia Mare, Cluj, Craiova, Iasi, Timisoara, as well as participants from FOM Institute for Atomic and Molecular Physics, Amsterdam, Laboratoire de Physique-Mathematique et Theorique, Universite de Montpellier, Department of Chemistry, Texas Christian University.

On behalf of all the participants we would like to thank to:

- Ministry of Education and Research
- *"Horia Hulubei"* National Institute of Physics and Nuclear Engineering
- Faculty of Physics, University of Bucharest
- BancPost Măgurele

for financial support. We are indebted also to all the people who contributed to the success of this Conference.

Bucharest, December 1 2002.
